Evelyn Aubry Will Edit Colonnade Next Year Plans Made For Greatest Parents' Day

Staff Elects Athon, Daniel And Caldwell

Evelyn Aubry, Atlanta, was named editor of the Colonnade for next year at the staff elections held last week. Her associate will be Lucy Caldwell, Smyrna.

The business staff is headed by Frances Daniel, Orlando, Fla. Avlonia Athon, Macon, was unanimously re-elected as advertising manager. Eltye Vaughn Burge, Atlanta, was re-elected exchange editor. Betty Shell, Griffin, was named circulation manager, and Eliabeth Lucas, Reynolds, assistant manager.

Completing the editorial staff are Marion Arthur, Albany, feature editor; Betty Holloway, Atlanta, Jeane Armour, Columbus, and Mary Kethley, Decatur, news editors.

All the members of the editorial staff, with the exception of the editor, were added to the staff at various times during the year as "intern" reporters, an experiment carried on by the editors to allow freshmen to serve their internship before becoming full-plledged staff members.

Evelyn Aubry succeeds Betty Reed, Gainesville, with whom she has served as associate editor for the past two years. Her first position was that of news editor.

Seniors Present Uniform Parade Annual Musical Comedy May 6 Features Day's Entertainment

It was discovered following the presentation of the senior musical comedy, "The Sweetest Girl in Town," Wednesday night that we have been entertaining actors—real actors—unawares for quite some time.

Four of the members of the cast, in particular, showed decided dramatic talent. Only two of them, Caroline Ridley and Sara Calhoun, had ever attracted any particular attention. But following the play, all who witnessed it were forced to offer much praise to Martha Williams, Grantville, Harriett Mincey, Warthen, and Misses Ridley and Calhoun.

Martha, as the "sweetest girl," was a decided hit in her dramatic debut of any importance. Sara Calhoun, as the scheming mother, rich and proud—too proud to admit that her riches had come from her husband's mustard-making ability, and Ridley, as Mrs. Lotta Doe, were absolute riots. Harriett Mincey, as Dr. Quack, almost panicked the actors as well as the audience.

But one little girl, Mabelle Swan, from Brunswick, almost stole the show from the actors with her absurd song-and-dance numbers. Mabelle is the "tops" when it comes to comedy.

Others in the cast who were all

The Parade of Uniforms will be perhaps the most interesting of the features planned for today when the eight hundred visitors expected arrive for the third Parents' Day celebration. The Parade will feature the uniforms worn here, from 1891 on up to the time they were discarded.

Faculty alumnae members will model the uniforms, according to Miss Maggie Jenkins, vice-president of the alumnae association.

Completing this part of the program will be clothes what the well-dressed young college girl of 1936 wears on all occasions. Home economics students will stage the modern fashion show.

Also scheduled for the day's entertainment will be a skit put on the several members of the senior class, depicting rules, regulations, and trials undergone by the students entering G. S. C. W. in 1932; a Dutch dance put on by a number of Bell hall students; a dramatic skit staged by the Jesters, and a musical group put on the string quartet.

Those taking part in the different parts of the program are

Club Sponsors Parents' Day 3rd Time

The Granddaughters Club, sponsor of one of the most outstanding entertainments of the entire school year, was organized in 1933 by the Alumnae Association of the college. The membership of the club includes students whose mothers attended G. S. C. W. There are about seventy-five members this year.

The officers are Ala Jo Brewton, Vidalia, president; Rosa Blue Williams, Buena Vista, vice-president; Frances Manning, Barnwell, S. C., secretary; Elizabeth Lucas, Reynolds, treasurer. Miss Maggie Jenkins, vice-president of the alumnae association is the club adviser.

The members of the club are Louise Alford, Milledgeville; Helen Adams, Decatur; Isabelle Allen, Social Circle; Ruby Jo Armstrong, Hazelhurst; Elizabeth Ann Arnold, Gainesville; Leonora Bacon, Plains; Margaret Barksdale, Conyers; Marion Bell, Hoschton; Eleanor Berry, Orlando, Fla.; Mary Biles, Decatur; Mary Elizabeth Bohanon, Eastman; Virginia Baston, Milledgeville; Ala Jo Brewton, Vidalia; Priscilla

Herty Medal To Be Awarded On May 16

On May 16th, the annual Herty Day, sponsored by the Chemistry Department of this college, will be observed. This is a day set aside to honor some person who is rendering some splendid service in the field of chemistry either through successful research or through outstanding service in teaching of this subject.

On this occasion, as is the custom, the Charles Herty Medal will be awarded to the person who has been so recognized. The actual selection of the recipient and the presentation of the medal is carried out through the Georgia Section of the American Chemical Society, in cooperation with other local sections of this Society within the states of Virginia, West Virginia, Tennessee, North Carolina, South Carolina, Georgia, Florida, Alabama, and Mississippi. Dr. J. Sam Guy, professor of Chemistry at Emory University, is chairman of the Central Committee.

This year the committee for selection has awarded the Herty Medal to Dr. Walter Hoge MacIntire, Tennessee, for his work in the field of Agricultural Chemistry. Dr. MacIntire was graduated from North Carolina State College, received his M. S. from the Pennsylvania State College and his Ph. D. from Cornell University. He has been chemist at North Carolina State Laboratory of Hygiene; connected with the Pennsylvania State College in Soil Chemistry; Soil Chemist and Head of the Department of Chemistry; at the University of Tennessee Agricultural Experiment

More than eight hundred guests are expected today for the third annual Parents' Day celebration at G. S. C. W. Acceptances to the invitations sent by the alumnae association from people from all parts of Georgia and several neighboring states.

The speaker for the chapel exercises this morning at 10:30 will be Professor R. L. Ramsey, principal of the Fulton High school, Atlanta. The honor guest for the day will be Mrs. W. Y. Atkinson, wife of the man who introduced the bill in the legislature which created this school.

Guests are expected to arrive shortly after nine o'clock. Registration booths will be placed on the front porch of Parks hall, and all visitors are asked to register as soon as they arrive on the campus. Granddaughters will be in charge of registration.

The feature entertainment of the day will be held after dinner on the front campus. The Uniform Review will be the main feature at that time. Other things scheduled for the afternoon are a dramatic skit by the Jesters, a Dutch dance number by Bell hall girls, a skit by the senior class, a fashion show.

R. W. Oakey To Speak June 7

The speaker at the baccalaureate sermon on June 7th will be Rev. R. W. Oakey, pastor of the Presbyterian church of Milledgeville.

Other plans for the graduation exercises were not available when the Colonnade went to press, but the speaker for the exercises on June 8 will be announced at an early date.

Plans for the seniors call for a number of entertainments given in their honor, as well as several affairs given by the members of the graduating class.

Beginning the entertainments for the seniors will be the affair given by the sophomores on May 16. Following this will be the junior-senior entertainment on May 23, and the senior dance on June 5.

Other highlights of the week, preceding the graduation exercises will be the spring production by the Jesters, "The Late Christopher Bean," the high school graduation exercises on June 4, and the senior class day on June 6, followed by the baccalaureate sermon on June 7 and the final exercises on June 8th.

Welcome Parents

The long-awaited day has arrived and the students and faculty members of the Georgia State College for Women have another chance to show their school, their activities and policies to the eight hundred visitors expected today.

Since this time last year, we have been waiting for this day, the occasion of the third Parents' Day celebration, to roll around. And now that it has come, there seems to be so little to say—other than "Welcome." But that one little word embodies more than the mere definition given by the august Mr. Webster, because this "Welcome" is really that, in the sincerest way, and in a most personal way, too.

The Parents' Day observation, instigated two years ago has come to be one of the happiest events of the year. It gives the students an opportunity to bring together their parents and teachers, to introduce their parents to different phases of the campus life, and to let them see how things are run.

It gives students a peculiar pleasure to make their parents acquainted with things they have known about only through letters before. The editorial staff of the Colonnade has reprinted in today's paper of the recent stories of campus elections for the benefit of the parents, and also for the students.

We think the idea of an annual Parents' Day is most unique, and a most interesting one. Very few colleges have such a celebration, but the idea is fast gaining in popularity and several southern colleges, in particular, have sponsored such an affair this spring or are planning one for the next week or so.

The credit for the first Parents' Day celebration goes to Miss Louise Smith, president of the alumnae association. It was under her direction that the affair was started and has been continued.

Particular praise should be given to Miss Maggie Jenkins, vice-president of the association, under whose direction this year's affair has been. Others who have worked untiringly have been the officers and members of the Granddaughters club, the student council committees, the directors of the skits, and all the persons who will take part in the entertainments throughout the day.

Again, we welcome the parents of the G. S. C. W. students, and hope that they get as much pleasure from the day as we are anticipating.

"A-Golfing We Will Go"

The golf course is open for use! And it seems to be in order that we thank the Powers That Be for giving us the opportunity to learn and play a real game. Because it is a wonderful opportunity and it might well be considered a great stride for the school to have made.

It will bring much pleasure and enjoyment to the students and faculty. It's a grand form of entertainment and gives one such an important feeling to make the statement that "I've been out playing a few holes of golf!" It is a wholesome form of recreation and seems to be accepted universally as being the socially important game! Who knows—one can never tell—we might even discover some budding champions on the campus. And after all, where is a more logical place to learn to play the game than at college? We think it adds much to the alluring aspects of the college itself.

We who are so much in favor of an "integrated program" for our school—worthwhile work tempered with wholesome play—feel that in its process of growth the school is progressing fast and well. It might well be pointed out as a significant factor in the progress of our college, aside from being considered just one more way to entertain ourselves. It shows that we are growing, both in ideas and in size, and there can certainly be nothing more satisfying than to realize that our college is not the sort that remains stationary and unchanging. We are glad that the officials realize the need for play as well as work and that they know healthful recreation makes for a well-rounded personality and production, in the end, of a poised, balanced individual. We appreciate the fact that they are striving to give us the best.

Our progress has, to us, been seemingly rapid. We have our individual sports, our groups games, our tennis courts, our archery. Then came the era of the swimming pool, for which we are certainly duly grateful. Now we have added to our varied program of recreation golf, and that seems to round out the program perfectly. And it doesn't seem reasonable that there would be one person on the campus who wouldn't "point with pride" (and probably a feeling of superiority) to the G. S. C. W. golf course!

There's another thing, too. Our life for nine months is centered almost completely on this campus, with no opportunity to stretch out and live elsewhere. It is an advantage that the golf-course is off the campus. It adds interest and is now quite an attractive feature of Nesbitt Woods—it might even be called the most attractive feature. We will admit, Nesbitt is the ideal setting for any form of entertainment and particularly is it the ideal setting for a golf course, both from the standpoint of beauty and also use.

The students are grateful and enthusiastic over having a place to learn to play the game they have so much heard about but have never had a chance to learn. It really increases one's social prestige a great deal! And then there are those who really know how to play, and we can suppose that they are doubly grateful; because anybody that knows the game must of necessity love it.

So again, and sincerely, we express our gratitude for our golf course, the opportunity it gives to us, the impetus it gives to recreation, and the added desirability it gives to the college.

Senior Play

And again we have had demonstrated before our very eyes the fact that there can be hidden talent in a place like this. We really weren't of the opinion that there could be anything hidden for long at G. S. C. W. The truth will out, though, and now we have found again people who can so direct and act a play as to provide an evening's delightful entertainment and a topic for much discussion af-

Staff Notes

FOR SOME WEEKS

We have been looking forward to this third Parents' Day and now it has come, and it looks like there will be more visitors present than ever before. According to the acceptances received by the invitation committee, most of the fond mammas and papas will be here with bells on. The whole idea of an annual Parents' Day is entirely unique, and we want to congratulate the persons who started the whole idea.

THIS BEING THE BIGGEST

Colonnade that has ever been published at this school, we must call your attention to the fact. Until last Parents' Day, the largest paper that had been published here was eight pages—and the one last May 10 was twelve pages! Nothing would do except to increase this year's special issue to sixteen pages. There has been quite a bit of work attached to getting such a ponderous publication out, but it has been pleasant, too. It has shown us what we could do, and also let us include enough of the recent news of interest for parents to see how their daughters are progressing.

WHAT QUALITIES

men prefer in women was given here recently, but we've found some more hints, so we're passing them on. "To them that has," more power to you. "To them that hasn't," perhaps this will help:

Some college men prefer red-heads to blondes, or brunettes, hamburgers to caviar, and politics or law to bull fighting or postal clerking as a life work.

A questionnaire also revealed that the men:

Dislike co-eds (or any other gals) who telephone them.

Admit they would marry a girl for her money.

Would "date" their best friend's girl with a clear conscience.

Prefer symphony concerts to jazz.

Prefer Greta Garbo and Shirley Temple to Havelock Ellis and Nicolas Murray Butler.

Hope to die of a broken heart, looking with disfavor upon dying by earthquake, electric chair, falling down steps, slipping on a banana peel, and most of all, by hanging.

(The editor will be glad to supply the name of the school from whence came these opinions, upon receipt of a self-addressed postal card.)

POWER OF THE FAIRER SEX

is increasing in America, so "they" say. Women today already control three-fourth of its jobs. Also there are as many millionaires as millionaires for women are beneficiaries of 80 per cent of life insurance policies and 65 percent of all savings accounts are in women's names. fifty per cent of all stocks are owned by women.

Women do not necessarily pass their wealth on to men, as 64 per cent of them leave their estates to persons of their own sex.

American college graduates average 3,584 women to 1,943 men each year. Some \$52,000,000,000 of \$92,000,000,000 earned annually in this country is spent by women, and in California, the net income earned by women is \$660,592,000.

Gone are the days when the fairer sex stayed at home, and kept house and were feminine, sweet, and nothing else—not even content.

terward.

The seniors deserve much credit both for the amusement they provided and for the motive behind the play. It's nice to think that the proceeds from that play will go toward bringing some girl here who may, perhaps, take part in the successor of the annual Senior play!

The lines in themselves were exceedingly clever and spoken as they were proved doubly so. The songs were quite attractive and added just the right touch.

Again—congratulations to the energetic seniors who could give us hilarious moments!

Phillipa Kolum

It seems that this week of little or no gossip was very opportune—I can't say anything much about anybody on account of maybe it would embarrass them if their mammas and papas knew it. But to be truthful, and not deceitful, the whole reason why there is not going to be much gossip—if any—this week, is that there is none, really.

But I really can't let this slip by. I was told by a certain person to put something in this "kolum" about a 6:40 A. M. telephone call received by Joan Butler. But it so happens that I found out that that person was the one who got the call, and she made some rather classic remarks, and some not so classic.

It seems that Catherine Mallory got a call one morning at 6:40 A. M., and the maid told her it was Miss Adams. Mallory knew Miss Adams was in Macon, and she wondered and wondered what the dickens Miss Adams wanted with her at that time of day. Anyway, she went to the phone, and Joan in the meantime (she rooms with Mallory) turned over and very ungallantly said "Oh, I guess it is just—out on a drunk." (She mentioned one of the more august persons around, and we'd never dare to print his name—not even repeating what Joan said.)

Oh, yes, I have a new poem, and it's good. You've all heard that famous ditty:

"Mother, may I go out to swim?"

"Yes, my darling daughter, But don't you dare Go near the water."

Well, this is a new version:

"Mother, may I go out to swim?"

"Yes, my darling daughter, But run like hell when you don't suit."

And dive right in that water."

How's that?

Cutie Sutton can't seem to remember that she's a dignified senior, even at a tea given in honor of the seniors. Anyway, Cutie got excited or something at the tea Saturday given for the seniors, and fell down three times. What's wrong, Cutie, not more new shoes?

Dr. Beeson gets the prize for the Bright Idea of the Week. He found a dog recently, and it was all alone, with not a soul, in other words, unaccompanied. And what do you think he named it? Yeah, "A Cappella." Gosh, how'd he get so smart?

Ridley seems to inspire some people to motherly acts or something—when she went to Augusta recently, some fair lady there at the Woman's club meeting greeted her with a kiss on the forehead "because she looked like she needed a motherly salutation."

Mary Lillian Murphey has been accusing some people of eavesdropping on some of her deep dark secrets which she seems to have a talent for revealing some time after 11:30 at night. But, gosh, if you could hear what M. L. and Martha Phillips talk about some times, you'd listen, too. I know.

Teachers Take Leading Male Roles In New Play

Faculty Members Take Part in "Late Christopher Bean"

For the second time this year, faculty members will take the leading male roles in a dramatic production given by the Jesters when the spring play, "The Late Christopher Bean," will be offered May 29th.

Rehearsals were started two weeks ago, with Mrs. Max Noah, dramatic coach, directing. Catherine Mallory, Savannah, is assistant director.

The cast is composed of the following: Margaret Sullivan, Milledgeville, as Abby, the "help" of the Haggatts; Max Noah, Milledgeville, as Dr. Haggatt; Oline Thayer, Macon, as Susan Haggatt, the youngest daughter; Elizabeth Garbutt, Albany, as Mrs. Haggatt; Millie Moses, Chicago, as Ada Haggatt, the older daughter; W. C. Capel, Milledgeville, as Warren Creamer, the village painter; Sidney McGee, Milledgeville, as Toller; W. C. Salley, Milledgeville, as Rosen; Earl Walden, Milledgeville, as Maxwell Davenport.

The selection of faculty members for the leading male roles in "The Late Christopher Bean" was due to the great success of the winter production of the Jesters, "A Bill of Divorcement." Heretofore, students have taken the male roles, except in one instance when cadets from the Georgia Military College were in the cast.

"The Late Christopher Bean" is a three-act comedy by Sidney Howard. The entire plot is concerned with one mad scramble after another, particularly for the paintings by the late Mr. Bean, who, like most artists, remains unrecognized until after his death.

The play will be given in the college auditorium on May 29, at eight-thirty o'clock. Following the winter offering of the Jesters which was so well-received, students and faculty members are eagerly awaiting the "Late Christopher Bean."

Commerce Club Elects New Officers

Elections for the officers of the Commerce Club for next year were held at a meeting of the club Friday afternoon, with Joane Armour, Columbus, being chosen as president.

Other officers are Frances Mapping, Barnwell, S. C., vice-president; Charlotte Howard, Cedar town, secretary; Dot Botdorf, Decatur, treasurer.

Members of the commerce club are, those students majoring in secretarial science: Dr. E. G. Cornelius is adviser.

Little Theater Built By Jesters

Following the organization of a dramatic club three years ago, dramatic productions have played an important part in the life of the campus. Before that time, the only work in dramatic art was offered through the department of the Y. W. C. A., with students in charge.

It was due to the enthusiasm of the present head of the Jesters, Catherine Mallory, and a former president, Marion Hartman, that the club was organized as a separate organization and dramatics became an important phase of campus life.

For the first time this year the students have had a full-time coach, Mrs. Max Noah was added to the faculty last summer as dramatic instructor.

A new feature of the club this year was having try-outs for students to be eligible for membership. Fifty were added to the club at the first of the year, and others have been added since that time.

The officers are Catherine Mallory, Savannah, president; Edna Lattimore, Savannah, vice-president; Grace Collar, Atlanta, secretary; Margaret Garbutt, Albany, treasurer.

The Jesters have added many new things to the campus, the most outstanding being the building of the Little Theater in Chapel hall, which was formally opened earlier in the year with a series of plays by a group of dramatic students. The Little Theater has been used for the presentation of numbers of plays since that time.

The Jesters were also responsible for the addition of new dressing rooms behind the stage in the auditorium.

Teachers Play Male Roles In Winter Play

A history-making event of the school year was the winter production given by the Jesters, "A Bill of Divorcement," in which faculty members took the male roles for the first time. Before that time, students had always taken the parts, except one time.

"A Bill of Divorcement" was the most serious production ever attempted by the Jesters. They had made much progress since their organization, but during that time they realized that real drama could not be interpreted by girls acting as men. Also, the theme of "A Bill of Divorcement" called for mature persons in most of the roles. The result of which realization was the cause of faculty members for the male roles.

The cast of the play was composed of: Louise Denehoo, Atlanta, as Margaret Fairfield; Catherine Mallory, Savannah, as Sylvia Fairfield; Rosemary Davis, London, England, as Hester Fairfield; Roxanna Austin, Kenwood, as Bassett; Earl Walden, as Gray Meredith; W. C. Capel, as Kit Pumphrey; Max Noah, as Hilary Fairfield; Sidney McGee, as Dr. Allist; W. C. Salley, as Reverend Christopher Pumphrey.

W. C. CAPEL
Professor of Social Science, who will also appear in "The Late Christopher Bean."

Mrs. Sibley Speaks To Wrens Kiwanis

Mrs. Martha Sibley, supervisor of the cadet teachers of G. S. C. W., was the guest speaker at the meeting of the Wrens Kiwanis club recently. Immediately following her talk at Wrens, Mrs. Sibley gave a talk to the Terrell Kiwanis club.

Mrs. Sibley spoke on "Fads and Frills of Education." She gave some highlights on improvement being made in the state's education program, and also some of the phases of her own work of supervising about twenty girls teaching in different cities.

She is a recognized authority on teaching, and was added to the faculty last winter quarter when the cadet teaching experiment was begun.

MAX NOAH
Of the Music Department, who will take the leading role in the new Jester play.

A news note: "The first universities consisted of great bodies of eager youths flocking about girls, of course."

The Mercer Cluster, back-washing their Leap Year experiment with the gals asking for dates paying for things, etc. wonders and wonders about certain things. Says the Cluster: "Sadly, then, our status generally remains unchanged. We continue practically as pure as the driven snow; and if we register disappointment on the one hand, it does show us what femininity can—nay, must go through."

Can you guess what the Mercers expected? (That one particular columnist must not have gone over so big.)

Continuing from the Cluster: "Now that we are back to normal, and boy meets girls once more on the unequal footing that characterizes the stigma of modern courtship and marriage, the hellishness of the whole set-up is

fairly apparent. Whereas "Leap Week" originally was designed to afford femininity a taste of their own medicine, to give the male his right to a little reciprocal gold-digging, the point of the whole design seems to have gone completely to pot, for where we managed to nick a furtive dope here and there, the co-eds have sprung back to normalcy with a vengeance, intent on getting not only the nickel back, but a good deal more. In the past fortnight, the bad dream that has followed our brief fit of supremacy, we have observed more bald filching than ever went before."

A JOURNALISM instructor at University of Texas recently asked the following examination questions:

1. What kind of umbrella does Mr. Morgan Callaway carry on a rainy day?
2. What is a goat that is eight years old?
3. If a young boy kills his mother and father, then eats them, what is he?

(Correct answers: 1. A wet

umbrella. 2. Going into nine years. 3. An orphan.)—McMurray War Whoop.

HAILE SELASSE's theme song seems to be "Don't let a day go by."

HOW'S THIS? The grounds foreman at the University of Georgia, poetically inclined, wrote the following verse which appeared on signs about the campus:

"U. of Georgia's son or daughter,

Do you love your alma mater: If so, it should be your duty To protect her vernal beauty, Man or woman, youth or lass, Please don't step upon the grass."

REQUESTS by real estate operators for Columbia athletes to take the place of striking workers were refused by authorities.

CARL KNIGHT, freshman at Texas Technological college, is "raising" his way through school. An uncle gave him \$15 for

Christmas in 1929. Carl bought a pig. He raised the pig; she had a family of six. He sold five; the remaining two presented him with 10 more.

He sold his pigs and bought a registered cow and calf. He accumulated a herd of 16 registered cattle, sold two for \$200 and enrolled in college. The other 14 he values at more than \$100 and he thinks the calves will put him through school.

WHAT WILL this do to the business school advertising?

Dean Christian Gauss of Princeton rocked back and forth on his heels before a gathering of Newman club members in New York and denounced American colleges and universities for virtually guaranteeing greater incomes to college-trained men as compared with those who do not attend college. This method of advertising by college administrators, he said, has contributed to the present tendency to measure the value of a man by his degrees.

The retort perfect was furnished by an instructor of a western school to the Englishmans boast, "The sun never sets on British soil."

Max Noah Elected Vice-President of State Music Dept.

Mr. Max Noah was elected recently as vice-president of the Music Department of the G. E. A. at the meeting which was held in Macon. In addition to holding this office, Mr. Noah will also serve as director of the all-state high school chorus.

The position also carries with it the chairmanship of the Georgia State High School Music Competition and Festival.

As director of the high school chorus, Mr. Noah will be in charge of the program which is given each year at the G. E. A. by more than 250 high school students from all over the state. The chorus was established under the auspices of the Music Department of the G. E. A., of which Miss Anne Grace O'Callaghan is president.

The music festival will include events in band, orchestra, instrumental solo, brass quartets, boys glee clubs, girls glee clubs, mixed choruses, quartets, and solos.

Mr. Noah spent Saturday in Athens meeting with the board of directors to plan for the 1937 festival.

College Government Association

Catherine Mallory Heads College Government

As a result of the voting in the annual spring elections, Catherine Mallory, Savannah, will head the College Government Association for next year. Catherine was the unanimous choice of the students as she was elected on the first ballot cast, receiving a two thirds majority vote.

Other officers are Sara Ruth Allmond, Columbus, vice-president; Elizabeth Burke, Albany, secretary; Elizabeth Stewart, Macon, treasurer; Grace Greene, Waynesboro, clerk of the court.

Starting its fourth year on the campus under a new name, the College Government Association will be guided with capable hands. Like her predecessors—Virginia Tanner, Elizabeth Pollard, and Viola James—Miss Mallory has been highly instrumental in furthering the student control movement on the campus during her three years at G. S. C. W.

She has served as the efficient president of her class for three years, and as a member of freshman council and sophomore commission. As the head of the dramatic club for two years, Miss Mallory has done much toward furthering dramatics on the campus. She has played leading roles in many Jester productions, and only recently gave the out-standing performance of her career as Sydney Fairfield in "Bill of Divorcement."

Minnie Allmond has served as junior representative to student council during the past year, and also as a member of Y. W. C. A. cabinet. During her second year at G. S. C. W., Minnie was on sophomore commission.

The new secretary of the College Government Association, Elizabeth Burke, is a newcomer into the organization. She has been a member of the Jesters for two years, and has done a good bit of competitive writing, having won two first places in the Corinthian contest last year, and honorable mention this year. She will go into office in the spring quarter as president of the college orchestra.

Elizabeth Stewart, treasurer, has been a member of the Y cabinet this year and has served as president of Bell hall this year. Grace Greene will serve her second term as clerk of the court. She has been secretary of her class for two years, a member of freshman council, sophomore commission, and a member of the Colonnade staff for the last two years. She has won at least one first place in Corinthian contests every year she has been at G. S. C. W.

The retiring officers of the organization which has been called until recently the Student Government Association, are: VI James, president; Rosalie Sutton, vice-president; Henrietta Greer, secretary; Jeanne Parker, treasurer; Grace Green, clerk of the court.

These officers, with the following students made up student council: Marjorie Persons, recorder of points; Margaret Mann,

CATHERINE MALLORY
Of Savannah, incoming president of the College Government Association.

G. S. C. W. CLUB IN N. C.

A new GSCW club has been organized at Winston-Salem, North Carolina. A letter to Miss Louise Smith, alumnae president, from Caroline (Mrs. R. L.) Carlton, 2-300 Rosewood Avenue, Winston-Salem, says: "Through the efforts of Dorothy T. Carmichael, the GSCW graduates in Winston-Salem met for lunch and made plans to organize a GSCW Club."

There are 18 alumnae there, and suggestions for the carrying on of their club has already been sent them from alumnae office.

The association now has a number of out-of-state clubs, and plans have been made for the organization of a number of new clubs within the state.

Faculty alumnae have each pledged themselves to the organization of a club, and clubs already organized are undertaking to organize new clubs in centers near them. The motto of the association is "A GSCW Club in Every County."

chapel proctor; Georgia Walker, senior representative; Minnie Allmond, junior representative; Kathleen Roberts, Recreation association president; Jane Cassels, Y. W. C. A. president; Mildred Watson, editor of the Spectrum; Betty Reed, editor of the Colonnade.

16 New Teachers Added During Year

A number of new faculty members were added to the G. S. C. W. staff during the past year, and will be on hand at the second double session summer school to be held here. According to present plans, the entire teaching staff now employed by the college will be on the faculty for one or both terms of the summer session.

The teachers who were added to the faculty during the past year are Miss Catherine McIver Mr. and Mrs. Max Noah, Mr. Herbert Massey Mr. W. C. Capel, Dr. Paul Boeson, Miss Violet Foster, Dr. Earl Walden, Dr. Carmen Rogers, Miss Iva Chandler, Miss Fannie Harrington, Miss Barbara Stanton, Miss Mildred English, Miss Brown, Miss Mary Thomas Maxwell, and Mr. William Grady Irwin.

Miss McIver is a member of the library staff and is a native of Kentucky.

Mr. and Mrs. Noah both were formerly at Guilford college, N. C., and came to G. S. C. W. last summer. Mr. Noah is head of the music department, and Mrs. Noah is dramatics coach.

Mr. Massey and Mr. Capel came to G. S. C. W. from North Carolina, and are working in the social science department.

Dr. Boeson is head of the Latin department, taking over the active duties of Dr. Francis Daniels.

Dr. Walden is head of the mathematics department, and Miss Chandler is assistant dean of women and assistant professor in the social science department.

Misses Foster, Brown, and Stanton are all employed in the Peabody school, and are students at New college, Columbia.

Mr. Irwin is a recent addition to the staff also, and is instructor in elementary science, with his work in the Peabody school.

VI JAMES
Of Atlanta, retiring leader of the College Government Association.

College Orchestra Performs at State Meet in Augusta

In assisting with the Parents' Day program and various pre-graduation activities, the college orchestra, under the direction of Miss Beatrice Horsburgh, will bring to a close an eventful and successful year. The orchestra has presented several chapel programs during the year, has played for social functions, and has assisted in the entertainment of those brought to the campus as lyceum entertainers.

The string ensemble, composed of seven members of the orchestra, was asked to play in Macon during G. E. A. at the Peabody breakfast and G. S. C. W. alumnae luncheon. This same ensemble was also asked to perform before the Georgia State High School Music Competition and Festival which was held in Augusta May 1. Included in this ensemble is a string quartette which has done very constructive work.

The music learned this year has been of great worth and members of the orchestra have gained as well as contributed through this channel. Various social oc-

Day Students Spend Week-end On Campus

The day students are entertained as guests in the dormitories during the past week-end, the entertainment being sponsored by the College Government Association.

The students arrived on Saturday afternoon and were registered in the dormitories during their stay. A number of special entertainment features were given in their honor.

Following registration, a base ball game was played on the back campus between the day students and the varsity dormitory students team. This game was in charge of the Recreation Association.

On Saturday night, in the three campus dining rooms were held candle-light dinners. This was the first time such a dinner had been given in all three of the dining rooms at the same time.

Following dinner, the town girls were entertained in the recreation hall, which was followed by the regular Saturday night movie in the auditorium. At this time they were guests of the Y. W. C. A.

On Sunday morning, a special morning watch service was held in the formal garden immediately after breakfast.

Students in charge of the entertainment during the week-end Catherine Mallory, Minnie Allmond, Elizabeth Burke, Elizabeth Stewart, and Grace Greene.

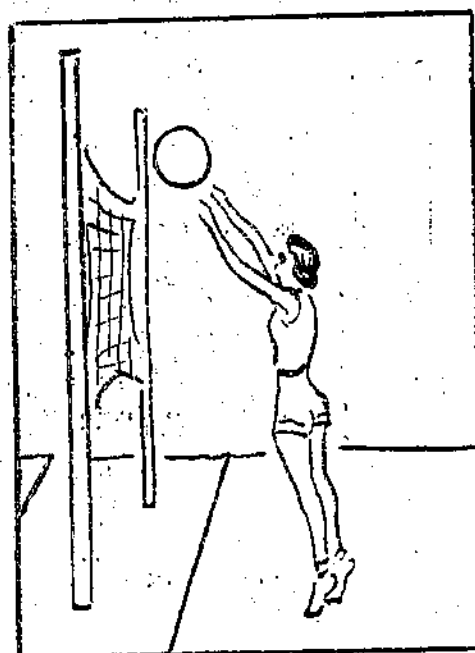

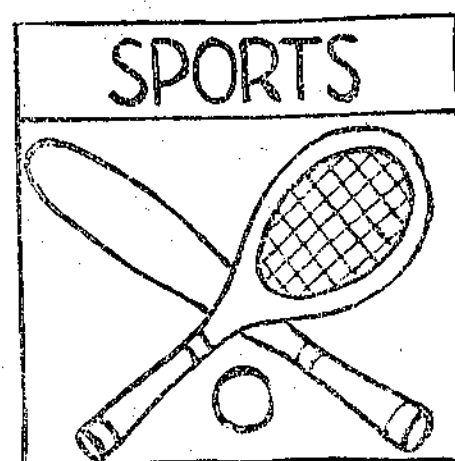

casions have added to the interest of the group.

Plans are being made for an active season under the direction of the following officers who have been elected for 1936-37:

Elizabeth Burke, President.
Eula Baye Chasteen, Vice President.
Nanacy Daniels, Secretary - Treasurer.
Emma Lloyd Jenkins, Chairman Social Committee.

Recreational Facilities

The college recognizes that a comprehensive recreation program must be a definite part of the school curriculum, one that meets the needs of its students. Below are some features offered students at G. S. C. W.

1. A concrete swimming pool, with the water filtered daily.
2. A golf course.
3. A wooded park.
4. A play period each day.
5. Tennis courts, ping-pong, bowling, shuffle board, baseball, volley ball, and other organized games.
6. Picture shows in the auditorium each Saturday night.
7. Hikes and excursions to places of interest.

"Y" Leaders Attend National Meet In Colorado Springs

Jane Cassels, retiring president of the Y. W. C. A., and Myra Jenkins, incoming president, left Atlanta Saturday night for Colorado Springs, Colorado, to attend the national biennial convention of the Y. W. C. A., both city and student divisions.

Jane is the national chairman of the student division and will preside at the special student assembly. Myra is the official delegate from G. S. C. W.

At St. Louis the delegates were met at the train by guides who took them to see the Lindbergh trophy exhibit and Shaw gardens. They left St. Louis Sunday and arrived in Colorado Springs Monday. The convention starts Tuesday and will close the next Tuesday, May 10th.

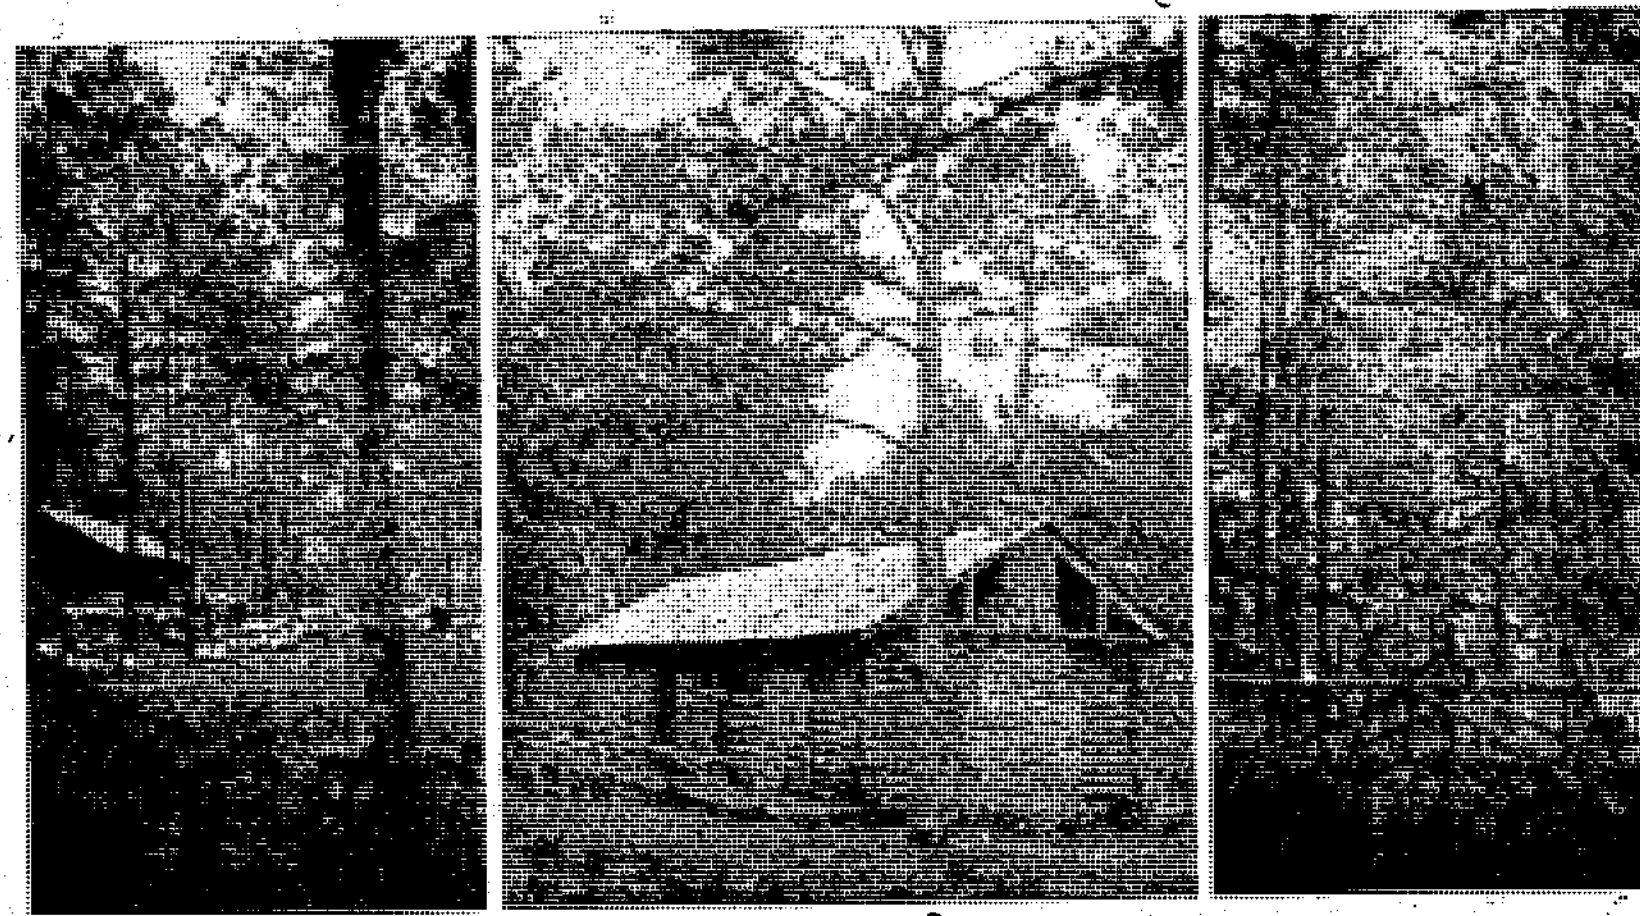

During the stay the students made sightseeing trips that included Pike's Peak, the Grand Canyon, and other places of interest in that section. They returned to the campus on May 7th.

Jane Cassels was elected national chairman of the student Y. W. C. A. organizations last August at a meeting held in Hightstown, N. J. She is the second southern student ever to hold the national office, the other being Margaret K. Smith, former president of the Y. W. C. A. here.

Jane went to the national convention representing the southern regional council composed of student organizations from ten southern states. The national council is composed of representatives from the nine regional councils.

Prior to the southern regional council meeting held in North Carolina, Jane attended the Y. W. C. A. conference at Blue Ridge, at which time she was elected to attend the southern council meeting later in the summer.

She has served as president and vice-president of the Y. W. C. A. and president of sophomore commission during the past three years, and during the past year served as vice-president of the state Y. W. C. A.-Y. M. C. A. group.

Summer School Will Open On June 10

New Teachers To Be Here For Summer

A number of well-known educators have been added to the regular faculty for the duration of the summer school session at G. S. C. W., which will open June 10. The first term will close July 17, and the second term will open three days later to be ended August 21.

Several outstanding lecturers have been secured for the second double session summer term ever held here, and will visit the campus at various times during the summer.

Among those who will be here are Dr. Willis A. Sutton, superintendent of the Atlanta public schools; Dr. Thomas Alexander, president of New College, Columbia University; Professor J. L. Fortney, superintendent of the Griffin schools and who was a regular member of the faculty last summer.

The teachers who will be here are Professor R. L. Ramsey, Miss Margery Seawright, Miss Anne Holdford, Miss Joyce Cooper, Miss Nellie Pearson, Miss Ethel Adams, Professor Jim Gooden and Mr. William Grady Irwin.

Mr. Ramsey is principal of the Fulton High school, Atlanta, and has visited the campus on several occasions. He was a member of the faculty here last summer, and spoke to the student body and faculty recently.

Miss Seawright is elementary supervisor of schools in Savannah, and was a member of the summer school faculty last summer.

Miss Holdford was for twelve years the supervisor of schools at Wake, N. C., and is now supervisor of the Bethlehem Central School at Delmar, N. Y. She is working on a problem of the Teacher's college at Columbia. Last summer she was a member of the faculty of the college at Americus.

Professor Gooden is superintendent of the schools at Perry, and will be in charge of the extra-curricula activities department, and general education work.

Miss Cooper is a teacher in the Raleigh, N. C., schools, and formerly worked with Miss Mildred English, now head of the Peabody school.

Miss Ethel Adams is principal of the high school at Moultrie, and is a member of the aims committee for curriculum revision.

Miss Pearson is a member of the education staff at the University of Kentucky at Lexington.

Mr. Irwin will be in charge of the elementary science department. He got his master's degree at Peabody, and for the past ten years has taught in the schools of Mississippi, and for the past three years has been school superintendent at Lake, Miss. Last summer he was a member of the faculty at the State Teachers College at Arkadelphia, Ark.

Jessies' Ideal Man Goes To Tech, Is An SAE, and is Named Bill

(Editor's Note: We are reprinting this article on the "typical" G. S. C. W. student which appeared in an issue of the Colonnade earlier in the year, in order that the parents of the students here may get a bird's eye view of students likes, dislikes, and what-have-you. The article first appeared in the Sunday Magazine section of the Atlanta Journal. The survey was taken by members of the publicity department.)

There's something about a SAE pin, that the sweet young things of the Georgia State College for Women, at Milledgeville, simply can't resist. A "what do you like" questionnaire recently given to the entire student body by the publications department resulted in a complete landslide in favor of Georgia Tech as the favorite men's college, the indication of "Bill" as the name of the majority of the current boy friends, and the desirability of the boy friends' membership in Sigma Alpha Epsilon Fraternity.

The darkly handsome and dramatic Frederic March is the favorite movie star of the three upper classes, but the charms of the debonair Dick Powell supplant March among the freshmen.

Dancing "cheek to cheek" to the strains of Guy Lombardo's orchestra is most heartily endorsed by the entire student body, as all four classes selected Lombardo's band as their favorite, and all except the seniors chose "Cheek to Cheek" as the most popular song hit.

President Franklin Delano Roosevelt is the college girls' favorite American. This opinion was almost unanimous, with the exception of a few votes which went to Mrs. Roosevelt, Theodore Roosevelt, Will Rogers, Amelia Earhart, Jane Addams, and the lone vote which some athletic-minded student cast for Jack Dempsey.

The answers given to the question dealing with favorite authors revealed that the average student has a decided taste for romantic light fiction such as that written by Kathleen Norris and Temple Bailey.

In poetry, Edna St. Vincent Millay is as ever the schoolgirls' poet. She was the favorite of the three upper classes. The freshman class preferred Longfellow. Edgar Guest was among the three ranking favorites chosen by each class. Mr. Guest ran second in the sophomore and junior classes and third in the freshman and senior classes. Sara Teasdale and Emily Dickinson, like Millay, are tra-

ditionally beloved of schoolgirls and many votes were cast for them.

Those who mourn the passing of the good old-fashioned girl whose chief interest was a home may take heart, for this giddy younger generation still has domestic yearnings as evidenced in the choice of a housekeeping magazine as the student body's favorite periodical.

In the selection of a favorite color the old saying, "blue for girls, pink for boys," held true as far as the feminine side of it goes, for blue is still the reigning favorite. Red and green are popular, too, although every color in the rainbow and a good many that no proper rainbow ever displayed were mentioned.

Perhaps the most amusing answers of all were found in the names which the girls would have many professed to be satisfied, chosen had they been permitted to christen themselves. Although most of the student body have suppressed desires for names which undoubtedly never occurred to their fond parents. Oddly enough, the favorite name is "Anne," which is not an uncommon one, but apparently is possessed by the wrong people. Gwendolyn, Pamela, Penelope, Sandra, Jacqueline and the other heroines of romantic fiction were much in demand. One freshman who is probably named something practical and prosaic, sighing for a name "different and unusual like Sonia." Patricia and Barbara were two names quite generally desirable in the eyes of the students, while the doubtful joy of being named Esmerelda Lucy and Hattie Pearl appealed to two students.

Although Frederic March is paramount in the affections of the three upper classes, Dick Powell, the freshmen's choice, ranks second. Clark Gable, he-man extraordinary, is not without his following, as he was second choice of the freshmen and placed third among the favorites of the sophomores and seniors. Fred Astaire is among the high ranking stars, and is the third most popular with the junior class.

Favorite popular songs showed a wide range of choice which varied from "The Rosary" to the "St. Louis Blues." The seniors preferred "Isn't It a Lovely Day?" to "Cheek to Cheek," the ranking favorite of the other classes, but accorded the latter third place according to their own vote. "Star Dust" is still popular, judging from the results of the questionnaire, as it was given second

place by the three upper classes. A few romantic souls chose "I Love You Truly," but not one vote was cast for either of the wedding marches.

Results on the tabulation of favorite orchestras were quite general, the three ranking favorites being the orchestras of Guy Lombardo, Wayne King and Jan Garber in the order named. Every orchestra on the networks was mentioned, and even the local school orchestra, known as the Georgia Cherokees, has its supporters. Faculty members of the music department were encouraged to learn that there were a few intellectual music listeners on the campus who gave various symphony orchestras as their favorites.

The Sigma Chis have quite a few sweethearts on the campus, as that fraternity ranked first with the freshmen, second with the juniors, and third with the sophomores. Sigma Nu, Alpha Tau Omega and Phi Delta Theta were the next most popular with the girls in general. The appeal of brains over brawn is stronger for the juniors than for any other class as the third-year students cast four votes for Phi Beta Kappa. Freshmen cast three votes in favor of the same honor fraternity, seniors two and sophomores one.

Tabulation of the votes cast for various authors revealed Kathleen Norris as first choice of the freshmen, juniors and seniors, and second choice of the sophomores. Temple Bailey was placed second with the freshmen and juniors, and third with the sophomores. Lloyd Douglas was "tops" with the sophomores, the third choice of the juniors and the second ranking author with the seniors. Shakespeare and Dickens received quite a few votes, which gladdened the hearts of the faculty members of the English department. Many of the freshmen are still in the Gene Stratton Porter-Louisa Alcott stage, although a few sophisticates among the first-year students chose Noel Coward, or Sherwood Anderson. Apparently one person at least was not too worn out when she finished "Anthony Adverse" to have a favorable opinion of its author, for one vote was cast for Hervey Al-

len. Cave men's stock seems to have gone down with the weaker sex, for Edgar Rice Burroughs' "Tarzan" netted only one vote.

When it came to favorites among men's colleges, the student body was largely of the same opinion. All four classes gave Tech first place and Emory second. The romantic appeal of Annapolis and West Point is most evident among the freshmen and sophomores, who gave the Army and Navy third place on their list of favorites. Brass buttons have no lure for the more serious-minded juniors and seniors, who kept close to home in their choice of the University of Georgia as their third favorite. Yale and Harvard have their boosters, but the southern schools received the bulk of the votes. One vote was cast for Cambridge.

Boy friends' names showed as much variety as the names the girls would have chosen for themselves. William is the most popular name for the current boy friend of the G. S. C. W. girls. That name stood first in the upper

classes and ran George a close second in the freshman class. The most unusual name found was "Darllyn," which, it must be admitted, is appropriate to say the least. There were Hiram, Percival, Horace, and Oscars. Although many left the question blank, only two admitted that they did not have a boy friend. One popular young lady, unable to choose among her true loves, listed all seven of them, while several others gave two or three names.

From the results of the questionnaire a good picture of Miss Typical Student can be obtained. She would like to be named Ann; she goes with a boy named Bill, who is a student at Georgia Tech and is a member of the S. A. E.; she is an ardent admirer of President Roosevelt and Frederic March; she likes Guy Lombardo's orchestra, especially when rendering "Cheek to Cheek"; she is fond of blue; and she reads Kathleen Norris, Edna St. Vincent Millay and a well-known house-keeping magazine.

KATHLEEN ROBERTS
Retiring president of the Recreation Association.

Robbie Rogers Will Head Recreation Group Next Year

Robbie Rogers, of Gainesville, will head the Recreation Association for next year as a result of the spring elections held in March. Other officers are Elizabeth Stucky, Atlanta, vice-president; Mary Pitts Allen, Monticello, secretary; Frances Roane, Atlanta, treasurer.

All four classes will have a representative to sit on the executive board of the Association.

The Recreation Association is the newest of the three major organization on the G. S. C. W. campus. It was organized two years ago, and Kathleen Roberts, Gainesville, served as president for two years.

The Recreation Association has sponsored class play days since its organization, and also individual and group sports for all students and faculty members. This year they sponsored the Hal-lowe'en carnival at Nesbitt woods.

College Women Hold Athletic Meet Here

The first meeting of the Georgia Athletic Federation for College women to be held at G. S. C. W. came to a close last Sunday following a series of entertainments and business sessions held for the thirty-five guests. The 1936 convention was the seventh annual meeting of the group.

The theme of the program which lasted two full days was "motivation for participation." In business discussions the delegates took part in special recreational features planned for them.

The election of officers for next year climaxed the business part of the meeting on Saturday. Mary Kneal, Agnes Scott, will succeed Kathleen Roberts as president, and June Williams, Georgia, will serve as secretary-treasurer. Council members besides the officers are Frances Roane, GSCW, "Parkie" Culpepper, Wesleyan, and Mary Whitton, Shorter. Miss Ethel Adams is adviser. The secretary's office was not elective heretofore, and during the past year, Elizabeth Stucky has served as secretary, being appointed by Miss Roberts.

The dance given in the library Saturday night was the main feature of the entertainment program. Music was furnished by the Teach Ramblers. The special guests included the delegates to the convention, and a limited number of students.

Mr. Fisher, Recreational state director, was the main speaker at the meetings, being present on Friday afternoon. His talk was on Community Recreation and Government Activities.

The program on Friday included a swimming party, a picnic supper, and a special picture show in the auditorium. On Saturday in addition to attending the dance, the delegates were entertained at

a tea at the home of Mrs. Stewart Wootton.

A special committee was named by Kathleen Roberts to revise the state constitution of the association, and to establish a permanent platform, adviser, and the office of secretary and treasurer in the organization, included Mary Kneal, Agnes Scott; June Williams, University of Georgia; "Parkie" Culpepper, Wesleyan; and the president.

G. S. C. W. students who took part on the programs were Kathleen Roberts and Frances Roane. Others assisting in making arrangements were Robbie Rogers, Elizabeth Stucky, Pitts Allen, Jane Haddock, and Emily Williams.

Among the different topics brought up for discussion were:

Students Who Work Listed on Winter Term Honor Roll

Any young person with the ability and serious intent can work his way through college with the probability of a higher standing than the student who doesn't have to work, so says the dean of men at the University of California at Los Angeles.

So say the reports at G. S. C. W. From a hurriedly tabulated report obtained from the dean's list for the winter quarter, it was found that forty out of the ninety-six students making the necessary average of 87 to be included on the dean's list worked from two to five hours a day to earn part of their expenses.

Following is the list of working students who were included on the honor roll: Marion Arthur, Mrs. Edith Crawford, Virginia Forbes, Betty Holloway, Menta Jolley, Mary Kathryn Sibley, Eleanor Swann, and Mary Resalya Vonn.

Jean Armour, Carolyn Barnett, Mary Will Bennett, Dorothy Brown, Ruth Cheney, Mary Sina Dwyer, Margaret Fowler, Virginia Joiner.

Evelyn Aubry, Mary Elizabeth Carter, Ruth Flurry, Mary Grace Hillier, Louise Kite, Myra Jenkins, Claudia Little, Peggy Van Cise, and Mert's Carol Ward. Rebecca Anderson, Dorothy Ellis, Martha Fleming, Martha Harrison, Rose Herndon, Fay Pilkerton, Natalie Purdom, Betty Reed, Patricia Stewart, Sara Vann, and Minnie Winn.

A CAPELLA CHOIR, Under Direction of Max Noah, which Made a Tour of the State Recently

A Capella Choir Goes To Ashburn At an Early Date

Word has been received of an invitation from the citizens of Ashburn to the A Capella choir to present a program in that city at an early date. This trip will be probably the last of a series of trips made by the choir this year to nearby cities and towns.

The choir was organized in the late fall, with members including students from the Georgia Military College, G. S. C. W., and faculty members from both schools. More than two hundred joined the group.

The two public appearances of the entire group in Milledgeville have brought forth much praise. The fame of the choir has spread quite a bit, and a number of out-of-town trips have been made during the past months, besides a five-day tour of the eastern part of the state.

Scotty Gunter Heads Literary Guild For Next Year

Scotty Gunter, Griffin, was recently elected president of the Literary Guild for next year. Other officers are Helen Adams, Decatur, secretary and treasurer; Isabel Allen, Social Circle, program chairman; Harriette Starke, Atlanta, social chairman.

The Literary Guild is composed of students majoring in English

The choir has no musical accompaniment at all, and most of the numbers given on public programs are altogether sacred.

On special occasions acting as pianist is Dorothy Ellis, Monticello, and violinist, Natalie Purdom, Blackshear. The soloists are soprano, Mrs. Paul Boeson, Milledgeville, contralto, Mrs. Max Noah, and Eltye Vaughn Burge, Atlanta. Stage manager is Ralph Lawson.

IN CONSERVING VISION LIGHT TAKES FIRST HONORS

The studious years of college life, probably, put on your eyes the greatest strain they will ever feel. But they are the only eyes you will ever have and you are far from through with them when college days are over.

Protect them! Remember that their greatest safeguard is adequate, glareless, uniform light. Be sure, first, that you have ENOUGH light. See that all lights are properly shaded. Make sure that your light is uniform, without extremes of light and shadow to cause the pupils of your eyes to expand and contract more often than good visual health allows.

Have your eyes examined if they trouble you, but be sure, also, that the light you read by and study by is RIGHT. One of this Company's lighting specialists will gladly give you—as groups of individuals—more detailed information about the proper care of your eyes through proper use of light. Just a phone call to our nearest office is all that is necessary.

History Club Elects New Officers For Next Year

Al Jo Brewton, Vidalia, will serve as president of the History club for next year. Other officers of the club who were elected at a meeting held recently include Lois Hatcher, Milledgeville, vice-president; Elizabeth Chandler, Milledgeville, secretary; and Virginia Turner, Fort Valley, treasurer.

At the last meeting was held the final discussion on the League of Nations, which has been a project of the club throughout the year. A discussion on Articles 19-26 of the League Convention was given by Evelyn Martin, Marjorie Edwards, Virginia Turner, and Nell Smith.

Summaries of the League's work covering the activities from 1920 until the present time were given by Elizabeth Chandler, Elizabeth Smith, and Lois Hatcher.

The club members plan to make a trip to the Indian Mounds near Macon in the near future, and a discussion was held concerning the plans.

A recent letter to alumnae office from Marvina Lanier (Mrs. R. B.) Johnson, says that the people of Tucson regard the Hodges school as one of their more important civic assets. Marvina encloses subscriptions for the Alumnae Journal for herself and for Mrs. Hodges and states that they are enjoying the magazine and wish it success.

THE UNDERGRADUATE WORLD—

from the Pacific to the Atlantic will abide by the decision of the student committee of the Carolina university as to the value of the honor system. In no other university has it been put to such a test, nowhere else has its retention or abolition meant so much to the individual student. The results of the survey, to say the least, will be interesting to follow.

College Jots

SEVERAL MONTHS AGO—

the University of North Carolina received national headlines when a cheating ring headed by Douglas Cartland was disclosed on the university campus, exposing nearly 100 students, and Jack Pool, student body president, convicted and had himself dismissed from the university for cheating in a freshman examination. As a result of the Cartland ring and Pool's dismissal from Chapel Hill, the entire honor system is now on trial before the Carolina student body. A survey is being made asking for student opinion on the restoration, modification or complete abolition of the system.

At the state university, students are not watched during examinations, no faculty member or proctor is present during tests. Students are put on their honor not to cheat and to report anyone cheating.

(Continued from page one)

EDITOR PHILIP HAMMER— head of the Daily Tar Heel, student publication, and chairman of the student government committee in charge of the investigation at the university, writes, "North Carolina university is southern liberalism in three square miles. Its 60-year-old honor system, self-administered by students, is the last word in liberal theory which holds that our youth shall be guided by its own aggregate sense of right and wrong. Cherished, but rusting, this honor system bends at the inevitable breaking point, the necessity of reporting breaches of honor. A system of reporting violators is desirable only when it springs from an acute honor consciousness which seeks to punish offenders of the moral code. Without that consciousness the system is offensive, worthless, mechanistic based on espionage. At Carolina the 'system' has been emphasized and honor consciousness, the fundamental sought for is forgotten.

"So repugnant has the 'system' become through such an interpretation that students refuse to report violations. It is not a question of not understanding that reporting is a secondary element, important only as a spontaneous, accepted means to maintain an effective group responsibility. Today the 'system', repulsive to all, remains an untouchable skeleton, while honor, the end, has been neglected, thrown to individual caprice. Only one out of 10 students will report a breach of honor."

The first Herty Medal was given in 1933 to Dr. Fred Allison of Auburn for his work on "Magneto-optic methods of Chemical Analysis." Dr. Charles Herty was awarded the Herty Medal in 1934 for his perfection of the manufacture of white paper from Georgia pines. In 1935 Dr. Francis P. Pennington of the University of Virginia was the recipient, the medal awarded to him for his work with titanium and for his famous students.

At the time of the presentation of the award, the Georgia Section will be entertained by the Chemistry Club at a tea at the boxwood gardens of Westover Plantation and by the college at a banquet. After this, Dr. MacIntire will deliver an address on some subject closely allied to the basis upon which he was selected.

We offer our congratulations to the Chemistry Club of G. S. C. W. for having instigated such a fine award and to Dr. MacIntire for his splendid work and recognition. We will be most happy to have him as a guest on our campus.

STUDENTS CHANGE OFFICIAL NAME OF ORGANIZATION

The name "College Government Association" was recently adopted by the student body to replace the former name of the campus government organization, "The Student Government Association." This change in name was voted on at a special student body meeting held at chapel for the purpose of approving the revisions of the constitution of the College Government Association.

The name change was deemed necessary to clarify in the minds of everyone that such a governmental organization is based on a plan of cooperation between students and faculty. The new name is thought to be more indicative of this arrangement than the former title of the association.

A special constitution revision committee, headed by Sara Ruth Allmond, has been working on the changes. Other members of the committee were Catherine Mallory, Jeanne Parker, Elizabeth Stuckey, Grace Greene, and Myra Jenkins.
